

ANTHONY CRUZE

THE WORLD'S MOST PROLIFIC MUSIC VIDEO PRODUCER

OVER 105 TITLES

**Sold-out IMAX Melbourne shows
Including a sold-out second encore**

Anthony Cruze is a music video producer with over 105 titles, an Australian DJ and Video DJ, and a Guinness World Record holder. His career spans more than three decades of music, visual storytelling and live entertainment, with creative work released under Ant Cruze, 2GreenDollars and 2Green!.

His work brings music and visuals together across original productions, immersive cinema shows and live DJ/VJ performances. Sets span house, dance, disco, funk, soul, R&B and pop, tailored to settings from beach clubs and rooftops to major international stages.

His international career includes work with Sheila E and Prince, Video DJ appearances for Michael Jackson's This Is It launch events, MGM Macau and Studio 54 Las Vegas, and entertainment contributions associated with the FIFA World Cup in Sao Paulo and the Rio 2016 Olympic Games.

GUINNESS WORLD RECORD HOLDER

Producer / DJ / Video DJ
Ant Cruze / 2GreenDollars / 2Green!

Over the past ten years, all of his shows have sold out, including his latest IMAX Melbourne appearances, where the second encore also sold out.

Cruze continues to develop music videos, original music and immersive visual experiences, drawing on digital production, AI-assisted creative processes and live-event technology. He is also the founder of Turn It Up TV, extending his work into a global music television platform.

ANTHONY CRUZE

SUNSET / 25 OF ME / CURATED BY CRUZE

Scalable DJ and Video DJ formats for beach clubs, rooftops, nightclubs and immersive venues. Musical direction, visual production and opportunities for guest-DJ collaboration are tailored to the event.

LIMITED APPEARANCES

Available for a limited series of performances on an agreed fee. Venue investment in social media promotion is a compulsory part of the offer, with a dedicated paid campaign, supporting content and a promotional schedule agreed before confirmation.

PRODUCTION

Artist-supplied A/V playback equipment. The supplied technical overview specifies balanced stereo audio, 1080p video at 30 fps for the mobile rig, DMX, and six-channel 48 kHz/24-bit embedded audio via SDI or HDMI. Final requirements and compatibility to be agreed with the venue; detailed rider available on request.
